

# Mucky Paws Dog Walking & Pet Care

**Quality Care for your Pets whilst you are  
at work or on holiday**

**\* Opening March 2008 \***

Mucky Paws Dog Walking and Pet Care provide you with real quality care for your pets while you are away or at work. We operate in the Warrington area providing stimulating dog walks during the day when owners may be unavailable to walk their dogs due to other commitments; we also provide an alternative to kennels or catteries, which some pets may find stressful, as well as owners! We will visit your pets in your home caring for their everyday needs. You can be away from home knowing that your pets are in our safe secure hands and in the comfort of their own home. We are fully insured and CRB checked.
